

# Ubiquiti TOUGHCable Connector with Ground (TC-GND)

## Product Description

The Ubiquiti TOUGHCable Connector with Ground is a full-metal RJ45 connector designed for use with Ubiquiti TOUGHCable shielded Ethernet cables. It provides grounding and electrostatic discharge protection for outdoor and industrial network installations.

## Key Features

- Full-metal shielded RJ45 connector
- Designed for TOUGHCable shielded Ethernet cables
- Built-in grounding for ESD protection
- Suitable for outdoor and harsh environments
- Supports Gigabit Ethernet
- Crimp termination, no soldering required

## Technical Specifications

Model	TC-GND
Connector Type	Shielded RJ45
Cable Compatibility	Ubiquiti TOUGHCable (CAT5e Shielded)
Data Rate Support	Up to 1 Gbps
Material	Full Metal
Grounding	Integrated ground tab
Installation	Crimp type
Application	Outdoor / Industrial Networking
